

2024 Q3 Impact Report

The St. Christopher Truckers Relief Fund is a non-faith based 501(c)(3) charity that provides financial assistance for necessity household expenses for over-the-road, Class A semi-truck drivers when an illness or injury, occurring within the last year, caused them to be out of work and experience financial difficulty. The St. Christopher Fund also provides free preventative health and wellness programs for OTR, Class A semi-truck drivers in the hopes of seeing a healthier driver community. Our health and wellness programs include smoking cessation, diabetes prevention, chronic disease management, at-home prostate and colorectal cancer screenings, and a vaccine voucher program where uninsured drivers can get free flu, shingles, and pneumonia vaccines.

“In July my husband a 30 year vet of trucking had a stroke. He was distraught and worried about our family’s future. But with the help of this organization our family was able to stay on track. Which is so important for our children who have ASD. So we thank you so much for all you did for us and we will always hold a special place in our hearts!” Shawna and Family

“Thanks to the St. Christopher Truckers Relief Fund, we were able to keep our water running, electricity on, and vehicles from being repossessed. In June, I had a heart attack while at a truck stop in Indianapolis. I was rushed into emergency surgery at a nearby heart hospital, and my life was saved after multiple flatlines and 4 inserted stents. I am now going through 6 months of cardiac rehab, and am unable to get behind the wheel of a truck. This has caused our financial situation to become very difficult to handle. We were on the verge of losing our vehicles, electricity, water and car insurance. Thanks to the St. Christopher Truckers Fund, we were able to make it through the struggle. May God Bless Them, as He's continued to bless us! Thank Y'all So Much!!” Joshua and Family

“I was listening to RoadDog Radio and heard a commercial about St. Christopher Truckers Relief Fund. The curiosity struck me and as soon as I stopped driving for the day I looked up what St. Christopher’s was all about. The section on their website about Healthy Habits and classes for drivers spoke to me like a spiritual experience. I immediately filled out the online form to attend a virtual class. I had no idea what was about to happen over the course of the next 12 weeks. To my surprise the information was so easy to understand and digest mentally that it sparked a wire in my brain that I didn’t know was still there. Hearing the stories of the struggles that other drivers were going through was the key that unlocked all the motivation for me. I slowly began to have the desire, hope and motivation to achieve new goals and lifestyle changes for the better.” Shawn

“I was injured climbing into a trailer and have been off for almost 7 months. I applied to the St. Christopher Fund for help and they were happy to help me. St. Christopher Fund has been a true Godsend.”
