

2024 EOY Impact Report

The St. Christopher Truckers Relief Fund is a non-faith based 501(c)(3) charity that provides financial assistance for necessity household expenses for over-the-road, Class A semi-truck drivers when an illness or injury, occurring within the last year, caused them to be out of work and experience financial difficulty. The St. Christopher Fund also provides free preventative health and wellness programs for OTR, Class A semi-truck drivers in the hopes of seeing a healthier driver community. “The St. Christopher Fund staff were angels in our time of need. My husband was involved in a bad trucking accident (he wasn’t the driver) and was hurt badly. We wouldn’t have been able to stay in our home without them. SCF really came through for us!” - Kimberley

“Like most truck drivers, I was stubborn and hard headed and thought I could work through this. It all started with a cough and three weeks later my right lung had collapsed. I put my stubbornness aside and went to the hospital. Three weeks of draining fluid and they found I had cancer. Going through chemo now but feeling good, and blessed to have my family of truckers and their support. I heard about St. Christopher from the truck stop and coast to coast radio, but hearing about it from my oncology team, I was blown away. We are truly a family when it comes to trucking I just want thank everyone.” - Charles

**“A microburst blew my truck off of the road on US Hwy 50 in Colorado. By the Truckers Angels no one else was injured or killed. I suffered acute bilateral rotator cuff tears in both shoulders. After being released from the hospital I returned home to Waxahachie, Texas. Being broke and having no support system, I turned to the Staff at St. Christopher Fund. These ladies are the absolute best. After a quick evaluation of my situation, they paid my bills and rescued me. I will forever pay it forward to the Truckers Fund. They say what they will do and DO IT. Blessings and Godspeed to All.”

“Thank you so much for approving me and my family for assistance. We have submitted via the instructions our lease agreement to have our rent for August be paid. This is a huge blessing and definitely a huge weight off our shoulders on how we were going to pay for rent next month. The stress of bills during a medical crisis is unbelievable. Thank you so much for the assistance!” - Kevin
